## Miscellaneous

### Attention – New Service!!!

We have implemented an all-call system for residents, allowing us to immediately contact everyone in the community at once. The primary purpose will be to relay time sensitive information such as water shut offs or garbage delays. While we anticipate this feature to be used sparingly, it will prove to be invaluable should any emergency type situations arise. When used, residents will receive a voice message on their phone and the caller ID will be displayed as 330-799-2268. A Welcome Message will be sent out on Monday, February 28<sup>th</sup>. This will give everyone the opportunity to see how the system works and there will be an option to “opt out” of future messages should you wish to do so. If you do not receive the message, please contact Krista by email ([ksmith@ov-energy.com](mailto:ksmith@ov-energy.com)) or by phone (330-799-2268) so that your contact information can be verified.
